

WML Information Literacy Instruction Assessment 2021-22
Classroom Activity Report – Individual

Faculty Librarian: Ian O'Hara

This class session contained active learning activities in which students worked in groups in order to evaluate instructor-provided source types based on the 5 Ws framework for source evaluation that is provided to the students via an editable worksheet. During this independent

PLO4: Students will articulate the key elements in their research questions in order to develop and execute a search strategy.
